The members of the Class of 2019 Senate are : Emily Seratch- President, Kristen Wade- Vice President, Tara Young- Secretary, Josh Baker- Treasurer, and the representatives are: Kaitlyn Freed, Brianna Floystad, Jamie Lees, Brendan McDonough, Nolan Quinn, Emily Seiser, and James Spearman

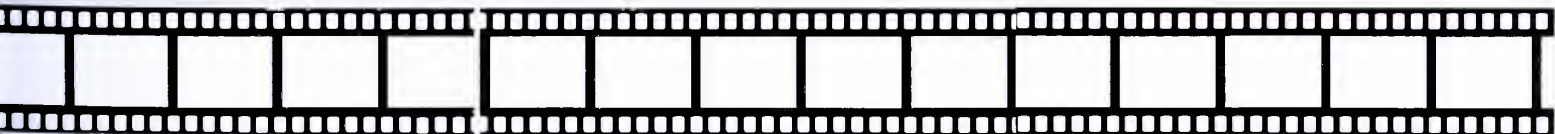

Class of 2018

Class of 2016

Student Senate is the student government organization here at E-town, and we do our best to measure the pulse of the student body and advocate for students' interests accordingly. Student Senate also manages the registration of and funding for over 85 clubs and organizations on campus. As a group of approximately 50 students across all class years, Student Senate has an array of responsibilities. We coordinate multiple fall orientation events, plan different traditions throughout the year, meet with administrative leadership, and provide insight on many student issues.

Dance Team

The Elizabethtown College Dance Team (ECDT) is a group of dancers which strives to embody the college's motto through its own motto of "Dance for Service." ECDT performs at and organizes service-based, charity, and community events in order to bring entertainment and joy to the campus and surrounding community. ECDT's performances include One ELLE of a Night, Relay for Life, Elizabethtown College Basketball games, Education Organization's annual AT Benefit, and more.

Emotion

Emotion is an all-inclusive dance club at Elizabethtown College with the motto "Dancing for Service." Emotion provides a creative outlet for students interested in dance and physical well-being. Emotion also strives to promote an understanding and awareness of dance, as well as to enhance the cultural life of the college community. As the largest club on campus, Emotion impacts the college culture with its variety of dances and biannual performances.

*Student Wellness
Advocate Group*

W.A.G. provides educational opportunities on current health issues for our peers in the residence halls, and in our campus community. This is done through hall programs, outreach programming for Student Health, or in collaboration with another campus group.

Ultimate Frisbee

We were started in the fall of 2013 and our mission is to spread the love of the sport of Ultimate Frisbee to the Elizabethtown College campus and community by sharing the good word of Ultimate Frisbee and the “Spirit of the Game” in which it was founded. The club hopes to facilitate healthy and friendly athletics for the college as a way to de-stress through positive physical means during the semester. As a competitive team, the Jelly Swatters’ will is to compete against other teams around the immediate area in Ultimate competitions.

SWSA allows both social work students and other majors to join together and participate in various ways of serving the local community and the less fortunate. Each year, we do different service projects and fundraisers to benefit charities

Sock & Buskin is the oldest student group at Etown, dedicated to the art of theatrical performance and design. We work to keep students involved in theatre through various performances and projects

Intellectual Film Club is most famous on campus for our annual production of the Rocky Horror Picture Show. We love our Mystery Science Theater Etown nights, where we gather and watch old movies together. We all have our quirky favorites! We had a great show this year and look forward to more shows in the future!

Allies

Elizabethtown Allies is a LGBTQ-straight alliance that strives to build a community among all people regardless of sex, gender identity, gender expression, or sexuality. Allies works together to create an open and welcoming environment of support, inclusion, and acceptance.

NOiR

NOiR's mission is to help make the Elizabethtown College community a welcoming place for students of diverse backgrounds through programming, advocacy, and social support. Since NOiR restarted in the fall of 2015 they have hosted numerous events such as a smore's mixer, a poetry jam, and a student vs. staff basketball game. As a student union they have advocated for important diversity initiatives such as the Diversity House and for meetings with faculty and staff. NOiR has also helped dozens of students build relationships with each other during their weekly meetings. The organization is comprised of two active committees (African-American Committee and Hispanic/Latino Committee) which meet on a bi-weekly basis.

CRU

CRU's mission statement is "Being a community where the Gospel captures hearts, transforms lives and launches men and women into a lifelong adventure with Jesus"

Etown Republican Club

The Elizabethtown College Republicans Club works to inform students about Republican values, including small government, self-reliance and personal freedom. We also engage our fellow students by providing them with opportunities to participate and make their voices heard in local, state and federal politics and current political issues.

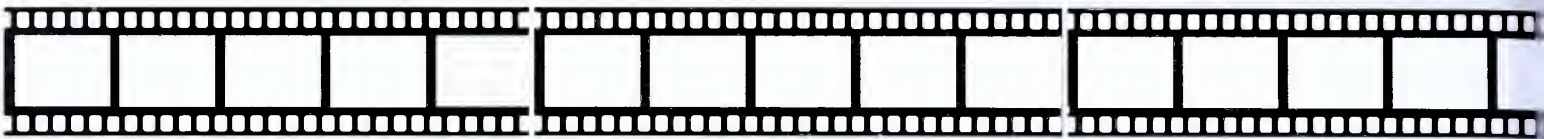

This organization strives to promote mental health awareness, especially suicide awareness. We meet every other Thursday and talk about a wide range of mental health issues like depression, anxiety, suicide prevention, stress, coping, bullying, etc. We are spreading the word that you are never alone and therefore provide a safe, supportive system for the students of Elizabethtown College.

Colleges Against Cancer is a national collaboration of college students, faculty, and staff dedicated to fighting cancer, volunteering for the American Cancer Society, and improving college communities by installing and supporting programs of the American Cancer Society. Colleges Against Cancer students hold a Relay for Life event on campus involving all students and members of the campus community to support the American Cancer Society, establish advocacy programs on campus, and raise money for the American Cancer Society by holding fundraisers on campus.

Kappa Delta Pi is an international honor society in education. The Tau Iota Chapter at Elizabethtown College is made up of a group of young educators who are dedicated to growing professionally and serving the children in our community. This year, we participated in Into the Streets, organized a Fall Math Night and Literacy Alive Celebration at Carter and MacRae Elementary in the School District of Lancaster, and hosted a Professional Development Day for all education majors on campus.

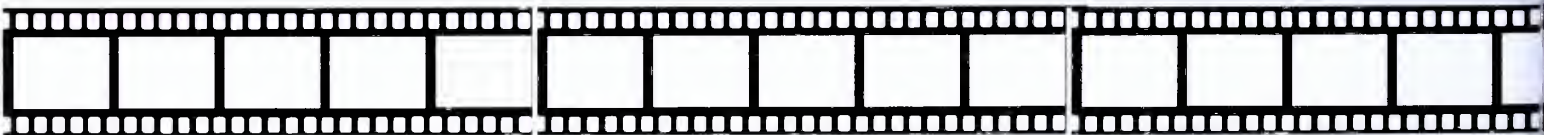

Pre-Law

The purpose of the Pre-Law Club shall be to educate and inform pre-law students about the law school experience and the legal profession.

Mock Trial

The Mock Trial Club is to assist in the club portion of the Elizabethtown Mock Trial Team. The Mock Trial Club is formed in recognition of the fact that students on the Mock Trial Team often participate in events that have both class and club aspects. This year Mock Trial hosted a Elizabethtown College Blue Jay Invitational Mock Trial competition. The Mock Trial teams also competed at Temple University and Penn State University in Mock Trial Invitation Tournament during the fall semester. Then the Mock Trial teams competed in the Regional competition at Penn State University in the spring semester.

ECWE

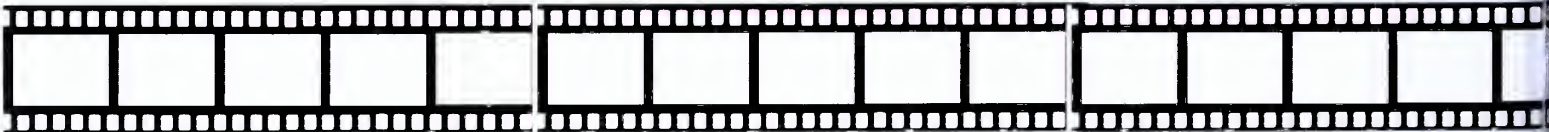

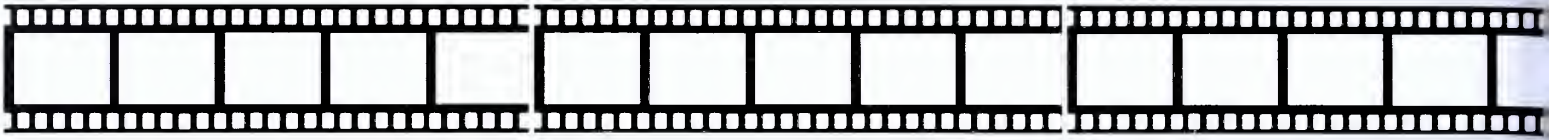

The Elizabethtown College Women in Engineering club (ECWE) is dedicated to promoting diversity in the engineering field. Our goal is to provide a sisterhood for the female engineering students at our college as well as a voice to inspire others. STEM education is still predominantly sought out by men and our hope is that those numbers will become equal. We want to create a motivational environment that also creates lifelong friendships and networking fields. This club encourages the success of our women and other underrepresented populations within the field.

Math Club

Math Club provides a forum to generate and maintain an active interest in mathematics at Elizabethtown College. The club unites students from within the department as well as students from outside departments who share a common interest in mathematics. We encourage activities and field trips, host fundraisers, and support students in their pursuit of internship and employment opportunities.
